

An Example Beamer Presentation

Your Full Name

Pierre Elliott Trudeau High School

September 14, 2025

Outline

1 Introduction

2 Math Example

Introduction

- Beamer is a class for creating presentations.
- You can use sections and subsections.
- Lists, math, and figures are supported.

Math on a Slide

Here's an inline equation: $E = mc^2$.

And here's a displayed one:

$$\int_0^{\infty} e^{-x^2} dx = \frac{\sqrt{\pi}}{2}$$

The history of the Earth

we are going to describe a person.
